Shree P. M. Patel College of Computer Science & Technology strives to ensure the delivery of continued academic programme quality and excellence and adopts the necessary criteria to establish a functional and well documented quality assurance system with a view to enable continuous improvement through self-evaluation and action planning.

College also aims to provide an outstanding student experience by ensuring the quality of our programmes, teaching, and infrastructure for learning and teaching.

Quality Policy of college has the following aims and goals:

• To ensure that appropriate and transparent governance and management structures are in place to guarantee continuous progress in implementing and supporting quality assurance and improvement measures.

• To ensure that the Colleges' strategic planning and development and quality assurance and improvement mutually inform and support each other.

• To develop a quality culture that permeates all areas of the College for the benefit of the students, staff and the local, regional and national community.

• To implement and maintain procedures relating to the approval, monitoring and review of programmes.

• To take the advice of independent external peers and organisations, in particular external examiners, professional, statutory and regulatory bodies and external assessors in internal and external reviews of academic, administrative and support units.

• To gather quantitative and qualitative data and to conduct periodic surveys to get feedback from key stakeholder groups including students and employers, for quality improvement and policy making.

The Quality Policy will be reviewed from time to time to ensure that it remains appropriate and fit for purpose. In order to protect the standards and the integrity of its awarded qualifications, the College has comprehensive policies and processes for quality assurance.

The College has a range of policies and procedures for assuring the academic standards of awards and enhancing the quality of its educational provision. Additional policies may be implemented based on the recommendations of the Quality Assurance Committee (QAC).

Ultimately, the College Policy for Quality Assurance:

1] Supports all organisational units, committees, and members of staff to take on their responsibilities in quality assurance

2] Ensures academic integrity and freedom and protect against academic fraud

3] Guards against unfairness and discrimination against students or staff

4] Supports the involvement of external stakeholders in quality assurance Within the College, ultimate responsibility for the Quality Assurance framework rests with the Quality Assurance committee.
